

A vertical illustration of a classical sculpture, possibly a relief or a large statue, depicting a figure in a dynamic pose, possibly a deity or hero, with a small figure at the base. The style is reminiscent of ancient Greek or Roman art, with a focus on anatomical detail and dramatic expression. The figure is shown in a seated or reclining position, with a small figure at the base, possibly a child or a companion. The background is a solid, light color, emphasizing the sculpture's form.
